

Dear Sirs/Madams:

I do not want my K-Love station to be replaced by an LPFM station. K-Love provides me and my community with positive, encouraging and worthwhile non-commercial programming. It would be a tragedy if we lost the station to LPFM since it provides a glimpse of Heaven to a world/community that needs it. Not only does K-Love provide uplifting music and programming 24 hours a day, but the station also provides staff to handle the calls of people who need help. Please don't take K-Love out of my community.
Sincerely, D Christiansen
